like other hobbies sports and passions riding and training horses inevitably involves a certain amount of repetition in order to improve this means a well designed plan of lessons and exercises is indispensable both for keeping horse and rider interested in what they're doing together and for advancing their fitness and ability level riders trainers and instructors of all disciplines are always looking for ways to keep boredom at bay and that's where this handy guide can save the day 50 best arena exercises and patterns provides a terrific collection of upbeat ideas for essential schooling adding variety and challenge to everyday workouts exercises are organized in easy to reference sections including improving the rider's seat learning to dance with the basic foundation movements increasing mobility with gymnastics finding rhythm getting supple and relaxed achieving connection and softness activating the hindquarters traveling straight and achieving collection in addition two chapters provide fun alternatives to supplement any lesson whether an english or western rider any equestrian looking for tools to use in creating a balanced correct seat and a supple gymnasticized horse will relish this infinitely useful collection of practice routines

highly respected author sally o connor shares her lifetime of experience in this collection of exercises designed for the progressive training of the horse from earliest lessons through piaffe and passage some of the exercises are quite specific and will only be used to solve temporary problems or issues others are used in the progression of training and lead to even more sophisticated exercises as the horse develops strength and balance each exercise is illustrated with clear diagrams or beautiful color photographs which along with the direct text make seemingly complicated exercises become quite understandable in hand exercises lungeing and under saddle are all included this book will be a treasure for all those seeking to improve their horses and

for those who are already sally s fans

schooling your horse is fundamental to any equestrian activity this book enables you to plan the exercises you want to ride according to you and your horse s level of ability each exercise is accompanied by an aerial illustration of the arena and additional diagrams showing the rider s position

a book especially written for the time starved horse owner do you day after day make a promise to train yourself and your horse to be better at something but when you get to the barn there just doesn t seem to be enough time don t worry what really matters is the quality of the training you do manage to fit in it really is possible to carry out good quality progressive training with a horse in only three minutes a day educator and horse trainer vanessa bee s light bulb moment was when she realized that if a training session had a realistic goal every horse achieved the goal in under three minutes this led her to create techniques appropriate for use in brief digestible lessons that ultimately produce significant gains in short sessions this refreshing new method offers 35 ground exercises 24 ridden exercises and 25 real world exercises that will get you out and about with a safe sane well trained horse

horsemanship is a never ending process of learning and problem solving in kip s tips author kip rosenthal addresses a host of questions and topics related to riding and jumping based on her more than sixty years of experience in the equestrian field coupled with her degree in sports psychology rosenthal shares a wealth of knowledge about flat exercises for riders and horses including such topics as the rider s position in the saddle at the walk trot canter and gallop coordinating rein and leg aids lengthening and shortening the horse s stride and exercises to work on jumping exercises for riders and horses such as the rider s position during the approach flight and landing cavalettis cross rails verticals and oxers identifying and correcting horse disobediences and understanding when to increase obstacle height and width horse show competition topics like finding suitable horse shows divisions and classes preparing at home and in the schooling ring analyzing equitation hunter and jumper courses and determining when to move to advanced levels sports psychology including becoming mentally and emotionally prepared for lessons and competitions and developing techniques to a positive attitude providing a greater understanding and appreciation of the sport and their horses kip s tips presents the perfect guide for all ages and levels of trainers owners riders and parents

if you are like most people you know what you want your horse to do and how you want him to behave you want your training experiences to be safe and enjoyable for both you and your horse but maybe you aren t sure what to do and when in 101 longeing

and long lining exercises you'll find complete ground training lesson plans from square 1 to square 101. Cherry Hill starts with basic in-hand and free longeing lessons, then takes you through the addition of a longe line, cavesson, bridle, surcingle, side reins, saddle, and long lines. You'll learn a wide variety of ground training exercises suitable for both English and Western horses: in-hand section, fancy footwork, whip works, pitching a wave, turn on the forehand, sidepass, longeing section, stop, look and listen, outside turns, inside turns, whip talk, spirals, wagon wheels, bending, tune up, contact and collection, long lining section, long line lingo, yin-yang, figure 8, serpentine, backing, cavalletti, work trail obstacles. Each of the exercises is laid out with a diagram, step-by-step instructions, and an explanation of its benefits. The exercises progress from the basic skills to more advanced ones such as counter canter and flying changes of lead. This book and its companion volume, *Longeing and Long Lining the English and Western Horse*, a total program give you a solid foundation for helping your horse work in productive form.

In *Stretch Exercises for Your Horse*, occupational therapist and equestrian trainer Karin Blignault illustrates how the controlled stretching of muscles long used to enhance human athletic performance can also be applied to the horse to prevent injury, alleviate pain, and improve performance. The individual exercises are explained in detail with clear instructions providing the basic anatomy and physiology of the muscles, which exercises benefit which muscles, and the fundamental principles of performing both passive stretches from the ground and active stretching exercises from the saddle. All the exercises are designed to ensure that they are carried out in the most beneficial manner with no risk or injury to horse or human. Publisher description.

A clearly illustrated guide to the best exercises for suppling the horse's body and relaxing the horse's mind, the goal of a relaxed and willing horse crosses disciplines, whether striving toward competitive goals in the show ring, working long hours on the ranch, or simply enjoying a leisurely trail ride. A horse that is supple in body, relaxed in mind, and light in the hand will be better able to perform and stay sound and healthy while doing it. The exercises in these pages are a classically correct and horse-friendly starting point to building a routine you can rely on to prepare your horse in the best way possible for training or performance, or to cool him down afterward. The author has organized them in three categories: exercises to relax and supple the horse from back to front, longitudinally; exercises to relax and supple the horse from the circle and other arena tracks and figures; exercises to relax and supple the horse from side to side, laterally. Addressing both general training targets and specific issues, the relaxation exercises include a summary of their benefits, explanations of what they are not likely to accomplish, their limitations, prerequisites that ensure the exercise is done safely and correctly, instructions on how to begin and complete it, troubleshooting, an idea of where things are likely to go wrong with either the rider or the horse, with lovely photographs for inspiration and explanatory illustrations and diagrams to help instruct readers in the practical application of each lesson. This is a fundamental book for all riders who desire

a healthy happy equine partner who can perform his very best with ease and comfort

with this pocket sized guide in hand you ll find it easy to develop and perfect your english riding skills cherry hill s exercises will help you learn to hone balance and precise use of aids improve bending polish transitions develop lateral work and begin collection
